

Annual Global ISAM Congress

1-3 OCTOBER 2026

Global Addiction Therapeutics Innovation Day

30 SEPTEMBER 2026

Rotterdam, the Netherlands

ISAM 2026 Symposium Proposal Submission Guidelines

Important information for symposium submitters:

The submitter of the symposium is also the session chair (host) who is responsible for coordinating the organization of the session. First, we would recommend developing a session title, a topic, and a description, also discussing the opportunity with the people you would like to present in this symposium. All speakers will need to provide a title and an abstract (description) of their talk. Abstracts of your session will be included within the online abstract system which will be distributed to all registered conference participants once the symposium is accepted.

When the symposium agenda is finalized, please upload the abstract template filled in with your sessions. Deadline 31st March 2026, 23:59 CET

Please make sure to follow the Symposium abstract template when submitting your abstracts. In the abstract template you will find space for 3 abstracts.
